zitto
eliminate mosquitoes without pesticides

What is Zitto?

It is a *smart, safe, eco-friendly mosquito trap*

zitto

How does it work?

By simulating smell, heat and human breathing to attract female mosquitoes, then captures them:

- After 3/4 days, you will notice a sharp decrease in mosquitoes
- After 3 weeks there will be so few female mosquitoes that their reproductive cycle will be interrupted, creating **mosquito-free zones**

Benefits

- Environmentally friendly: using only natural attractants
- Safe for children and pets
- Durable: built for all weather conditions
- Practical: implement a long-term solution
- Cost-effective

Versions

- B2C: covers up to 1,200 square meters
Ideal for private homes, condominiums, gardens, porches
- B2B: covers up to 2,000 square meters
Ideal for Ho.Re.Ca, Golf and Yacht Clubs, large work and engineering spaces, companies
